735 60120	2.2	400V			R 6 713.00
735 60122	3	400V			R 8 435.00
735 60125	3.7	400V			R 9 464.00
735 60135	5.6	400V			R 10 633.00
FRANKLIN Lead Cables					
735 30170	100mm Std s/ended 1.5m				R 629.00
735 30171	100mm Std s/ended 2.5m				R 781.00

 Franklin Electric		FRANKLIN Borehole Motors and Control Gear			
Code	kw	Volt	Full Load Current - A	Mass Kg	Excl

- NOTES :
1. All 230V 1 phase motors have built in surge arrestors
 2. All 3 phase motors must be installed with approved surge arrestors to be fitted as close to the borehole as possible and earthed to the motor casing.
 3. Three phase motors must have adequate overload protection and only approved and correctly set starters may be used.
 4. Prices include lead out cable
 5. Matching control boxes or Subtronic Control Box must be installed with new single phase motors
 6. For very aggressive water, 316 s/steel motors are available.
